STATE MEETING OF DISCIPLES OF CHRIST

Extensive preparations are being made by the Disciples of Christ churches in Bourbon county, for receiving and entertaining delegates to the State meeting of the church, which will be held at the Paris Christian church, on September 25 to 29, inclusive.

Three generations, descendants of Barton W. Stone, "the founder of the faith," who is buried in the old Cane Ridge burying ground, near the historic old Cane Ridge church, will be present for the occasion. A program of more than pleasing interest is being worked out both for entertainment and the business program of the meeting. Plans have progressed far enough to warrant the belief that the event will be one of the most remarkable church gatherings in Paris for many years.

Delegates to the meeting will begin arriving in Paris Monday in time to take part in the evening service, after which they will be taken to the homes previously assigned them.

Some of the most noted ministers of the denomination will be present, as well as laymen, who have become noted in church work, and will take part in the proceedings. Paris has previously entertained gatherings of this sort, but the meeting scheduled for September 25-29, promises to eclipse anything of the kind here for many years.

The convention opens with the educational session Monday evening, with W. Hume Logan, of Louisville, presiding. Dr. A. D. Harmon, the newly-elected president of Transylvania College, will deliver the educational address, and Dr. Vernon Stauffer, of the College of Bible, at Transylvania, is also on that program.

Mrs. Chas. Allen Thomas will preside at the session of the Kentucky Woman's Missionary Society, which will be held on Tuesday. Dr. R. H. Miller, pastor of the Independence Boulevard Christian Church of Kansas City, will be the speaker of the morning. In the afternoon addresses will be made by Mrs. James Ogden, missionary to Tibet; Mrs. V. C. Carpenter, missionary to Dajao, and Jesse Bader, of St. Louis, superintendent of evangelism for the United Christian Missionary Society. The evening address will be made by the Rev. J. C. Ogden, missionary to Tibet.

The State Board of Missions, of which the Rev. M. A. Hart is president; the Rev. H. H. Webb, vice president; the Rev. H. W. Elliott, secretary and treasurer, will conduct the program Wednesday. Types of State mission work will be discussed in its various phases by different speakers throughout the day. Dr. Miller will deliver a special sermon in the morning, and "Ninety Years of History" will be presented by the Rev. W. J. Loos in the evening.

The Christian Bible School Association session, combining Sunday School and Christian Endeavor work will be held Thursday, with Roger T. Nooe, president of the association, presiding. Neal K. McGowan, superintendent, and George V. Moore, associate, both of Louisville, will be on the program. Addresses will be made during the day by Dr. Miller, H. D. Pickrell, of St. Louis, Christian Endeavor superintendent for the Disciples of Christ; Dr. K. C. Bower, dean of the College of Bible of Transylvania, and Dr. R. M. Hopkins, National Bible School Superintendent.

Friday the closing session will be designated as Cane Ridge Memorial Day, which will be held under the auspices of the Paris Christian Church. All convention music will be in charge of Mrs. Edna Dryden, of the Paris church.

WINS AT STATE FAIR

Ewing's butter won first prize over forty-two contestants at the State Fair in Louisville last week. Mr. J. F. Arthur, who formerly managed the Parakeet grocery in Paris, is the distributor for this butter in this territory.

INDICTMENTS IN THE RENAKER CASE

The Clark County grand jury at Winchester yesterday afternoon returned true bills indicting Scobee Hardman and Reese Fox for murder and Mrs. Leon Renaker, as accomplice, in the murder of Leon Renaker, now celebrated murder mystery.

PARIS HIGH SCHOOL NOTES

The Paris High School football team under coach Clay Ward, is rounding into shape readily for Saturday's game with Carlisle. A game was arranged yesterday for the Paris team to play in Ashland on October 7. This will be one of the hardest and best games on the Paris schedule. The new athletic field will be ready for the Carlisle game. New bleachers have been erected, the field put in perfect condition, parking space has been reserved for three hundred automobiles, and good, comfortable seating arrangements for at least six hundred.

The Extension Division of the University of Kentucky will open the first of its classes in General Hygiene. This class will be conducted by Dr. P. K. Holmes, of the University of Kentucky. Dr. Holmes will meet all those interested in this work at the Paris High School, Monday, September 25, at 3 p. m.

This course in General Hygiene is required of every graduate receiving any degree. This work consists of weekly lectures of two hours each and is valued at four credits. This is one of the most important courses offered by the University and Bourbon county is most fortunate in having secured Dr. Holmes, who is one of the best-posted doctors on Health Education in America. This course is open to all people who want to learn how to live more nearly up to their possibilities.

Dr. Holmes says: "Age is an attitude of the mind. That a person is just as old as he thinks he is." The extension courses offered by the University are becoming more popular in Paris all the time.

Prof. Edward Franklin Farquhar will give a lecture course in Literature. Prof. Farquhar has a great and increasing following in this county. People in all walks of life enjoy hearing his philosophy in literature.

Dr. James Edward Tuthill will continue his work in American History. Dr. Tuthill is one of the leading authorities on American History in all the South and his winter in American History will have a great appeal to all people who want a better appreciation of their country's institutions now when so much depends upon the thinking and acting of our people.

The people of the city and county have very much to be thankful for in the matter of public schools, ably and wisely administered, with a full corps of faithful and competent teachers. The students are given the very best of attention, with a view of making their advancement solid and permanent. The Paris Public School has never had a stronger working force, one that looks ahead and plans ahead for every good thing that will tend to the good of the pupil and the teacher alike. All seem determined to make this the best year in the history of P. H. S., a school which has behind it a splendid record of achievements and results.

To Prof. Lee Kirkpatrick, superintendent of the schools, is largely due the splendid condition of the Paris institution, and to his wisdom, forethought and executive ability are due the results achieved in all the departments. Coming to Paris a comparative stranger he soon made his ability known in the school, and it was not long before parents and pupils began to realize that the head of the school was a real educator, a man of broad vision, a splendid exponent of advanced educational ideas, and a man who was bound to leave an indelible impression on the affairs of the school. Prof. Kirkpatrick has refused to leave Paris, to accept offers at other places, deeming it his duty to remain here, where he has an opportunity to carry into effect well-laid and cherished plans for the advancement of learning among the youth of this community. Paris gladly recognizes his sterling worth, and the people of the community are proud to acknowledge his influence and the value of his work in his chosen field.

ROAD CONSTRUCTION BEGINS

The Bourbon County Road Commission, under contract with the State Highway Commission, on Tuesday began the reconstruction of that part of the Maysville pike leading into Paris between the intersections of the Bethlehem and the Hume and Bedford pikes, at Twentieth street.

This is the part of the road between Paris and Lexington, which has for a long time been a source of complaint and annoyance to the citizens of both communities, as well as to tourists who travel this route.

The State Department announced more than a month ago that it was ready to start on the work, but was waiting for an agreement to be completed between the Department and the Kentucky Traction and Terminal Company.

PARIS BANK STATEMENTS

In this issue of THE NEWS is published statements of condition of three Paris banks, as of September 15, in accordance with the recently issued call by State Banking Commissioner Lewis. These statements show our financial institutions to be in a healthy condition, and will be interesting to students of financial and business conditions.

REAL ESTATE DEALS

Mrs. Bessie Woodford Clay purchased privately yesterday the handsome two-story brick residence of Mr. D. C. Parrish, on High street, for the reported price of \$13,000. This is one of the most complete homes in the city.

Baldwin Bros. purchased the McClintock business property, on Main street, adjoining their business house, yesterday, for \$9,600. Possession will be given January 1. The sale was made through Harris, Speakes & Harris.

One of the best real estate sales consummated in the county for months was that of the two tracts of land belonging to the estates of Miss Rebecca Dudley and Mrs. Nannie Dudley McClintock, conducted Wednesday morning, on the premises under the auspices of Harris, Speakes & Harris. The sale was cried by Auctioneer George D. Speakes. A large crowd was in attendance, and the bidding was spirited.

Tract No. 1, comprising 232 acres, situated on the Bethlehem pike, four miles from Paris, was sold to Catesby W. Spears, for \$95,25 an acre. This property adjoins the farms of Jonas Well on the north and east and the lands of the McClintock heirs on the east. It is well improved, with a large brick residence, and barns. Tract No. 2, comprising 160 acres, lying west of Tract No. 1, was sold to John T. Hughes, of Fayette county, for \$135 an acre. This tract is also well improved with a four-room cottage, barns and necessary outbuildings. One hundred and thirty acres of the tract are in bluegrass. The heirs expressed themselves as well satisfied with the price realized for the farms. The sale was conducted under the disposition of Mrs. N. Daugherty and B. F. Bedford, administrators of Mrs. Nannie Dudley McClintock, and B. F. Bedford and Wm. K. Dudley, executors of Miss Rebecca Dudley.

Henry C. Thompson, formerly of Bourbon county, sold to Judge W. C. Taylor, of Clark county, his farm of 350 acres, located on the Lexington pike, near Winchester, for a private price.

Mrs. Sallie Bedford Hedges, of Paris, purchased recently from the heirs of the late Mrs. Maggie Moreland, the old Moreland farm, located on the Louisville & Nashville, near Talbott Station, in this county, for the reported price of \$120 an acre. The farm contains about 150 acres, and is surrounded by the large farm already owned by Mrs. Hedges.

BOURBON GUN CLUB

Our regular shoot was held Wednesday afternoon. A light rain fell most of the afternoon and it was very dark, which made target shooting very difficult. Only twelve shooters braved the weather. All stayed until the fun was over. Several perfect scores of twenty-five were made. The trophy, a \$10.00 blanket or comfort, donated by the Leader Department Store, was won by Wm. Ardery. Watch him from now on, as he has thrown away his 20 gauge gun, and is now using a regular trap gun. Scores.

DEVELOPMENTS EXPECTED IN SHOPMEN'S STRIKE

Adjustment of misunderstandings and differences which delayed settlements of the railway shopmen's strike on some of the roads favorable to the Baltimore peace arrangement was apparent yesterday.

There were rising hopes that Bert M. Jewell, the shop crafts leader, would iron out with officials of the New York Central lines differences which prevented an agreement between striking shopmen and the roads which form the New York Central system.

These hopes were strengthened when the Southern Railway, the Mobile & Ohio, controlled by the Southern, and the Monon fell in line with roads accepting the Baltimore plan and signed the agreement.

Reports of a general return to work by striking shopmen on roads which agreed to the Baltimore plan brought predictions by union leaders that the estimated number of 50,000 strikers on various roads would be double within a few days.

Shop forces generally were estimated in railroad circles at about 85 per cent of normal.

ENGLISH HELD UNDER BOND OF \$3,000

Richard English, of Paris, and his alleged accomplice, Joseph Veal, of Louisville, who were arrested Monday at noon in the lobby of the Paris postoffice, by State Narcotic Agent Sheehan and Sheriff M. Peale Collier, were given a hearing in the United States District Court, at Lexington, Tuesday. They were placed under \$3,000 bond each, to appear for trial in the U. S. Court tomorrow.

Details of the arrest of these men were given in Tuesday's issue of THE NEWS. They were arrested as English applied at the registry department for a C. O. D. package, which, was afterward ascertained to contain sixteen ounces of morphine, consigned to English from a New York supply house.

SUNDAY GAMES

Maysville at Cynthiana.
Mt. Sterling at Winchester.
Paris at Lexington.

Here's quite the most amusing base ball note we've happened on lately, taken from yesterday's Lexington Herald: "The advancement of the Lexington club in the pennant race depends on the downfall of the Paris and Cynthiana clubs. The fact that the Studebakers have been forced to meet the strong Cynthiana team while the Bourbonites have been tackling the weaker clubs has made the Studebakers' advancement difficult."

The Methodist church team met and defeated the Hutchison team on the latter's grounds Wednesday afternoon, by the score of 10 to 8. The game was pronounced one of the best-played by amateur teams in Central Kentucky.

NEWS OF THE COURTS

Simon Gillispie, Millersburg merchant, was arraigned in Police Court before Police Judge J. H. Stewart, in Millersburg, on a charge of selling tincture of ginger, alleged to contain ninety per cent. alcohol. Gillispie was arrested by City Marshal Harry Linville, of Millersburg. He was fined \$200 and given a sentence of thirty days in jail. Gillispie has appealed his case to the Bourbon Circuit Court.

John Hundley, an itinerant evangelist, ran afoul of the game laws of the county and State, when he went out hunting blackbirds with his trusty automatic shotgun. He was so unfortunate as to have as a witness State Deputy Game Warden A. W. Bullock, who had a warrant issued for his arrest. Hundley was brought before Acting County Judge Frank P. Lowry, and fined \$24 for hunting without a license.
